Synthetic Rope

"It's magic stuff, I have had it for over three years now. It is a lot more bullet proof than the steel wire we have had in the past, I wouldn't go back."

Peter Laurich,
Ngatea

A great alternative to galvanised and stainless steel wire rope.

FEATURES

Doesn't rust	Easy handling, no more frayed wire in your hand
Stronger than steel wires	The price is right! Cheaper than stainless, competitive with galvanised
Visible in the paddock	
Lighter; 1/4 the weight of steel which reduces drum overrun	Proven product used in the fishing industry for years
